CAREER OBJECTIVE

I am a skilled developer with expertise in Java, Angular, Tailwind CSS, and JavaScript. Currently, I am building web applications like a Talent Acquisition System and an Exam Portal. I have experience in developing dynamic, user-friendly, and scalable web applications. My goal is to contribute to a collaborative and innovative team where I can enhance my skills. I am passionate about solving complex problems and continuously improving my technical knowledge.

EDUCATION

- **Southeast University** — *2024*
  B.Sc in CSE — CGPA: 3.05
- **Scholastica Model College** — *2019*
  Higher Secondary School Certificate, Dhaka — CGPA: 3.93

TECHNICAL SKILLS AND INTERESTS

Technical Skills: Java, Spring Boot, Angular 18, Tailwind CSS, JavaScript, MongoDB, MySQL, SQL, Python, Git, GitHub.
Soft Skills: Problem-solving, Communication, Teamwork, Time management.
Field of Interest: Web Development, Backend Development, JWT Authentication, Role-based Access Control, Data Structures and Algorithms.

EXPERIENCE

- **IT Intern, Southeast University** — *Jun 2024 – Nov 2024*
  Department of IT — Dhaka, Bangladesh
  - Assisted in developing and testing web applications using Java and Angular.
  - Collaborated with the backend team to implement REST APIs using Spring Boot.
  - Contributed to integrating JWT authentication and role-based access control for secure user management.
  - Worked with the database team to design and manage MongoDB and MySQL databases.
- **Campus Ambassador, Kormo Jobs by Google**
  05/2020 – 06/2022 — Dhaka, Bangladesh
  - Promoted Kormo Jobs to students and job seekers, helping them find employment opportunities.
  - Organized and conducted career development events, workshops, and seminars.
  - Assisted in building partnerships with local businesses and startups for recruitment opportunities.

PERSONAL PROJECTS

- **Exam Portal** — *2025*
  Developed an exam portal using Spring Boot for the backend and Angular with Tailwind for the frontend.
  - Tools & technologies used: Spring Boot, Angular, Tailwind CSS, JWT, MongoDB
  - Implemented JWT authentication and role-based access control for secure login and access.
  - Designed a user-friendly interface with Angular and Tailwind CSS for exam creation, user management, and analytics.
- **Talent Acquisition System** — *2024*
  Developed a talent acquisition system to streamline the recruitment process.
  - Tools & technologies used: Java, Spring Boot, MySQL, Angular, JWT
  - Built a complete system for job posting, applicant tracking, and interview scheduling with role-based access.
  - Integrated advanced filtering and searching options to manage resumes and job applications efficiently.
- **SEU Admission Page** — *2024*
  Developed a user-friendly admission page for Southeast University using Angular and Tailwind CSS.
  - Tools & technologies used: Angular, Tailwind CSS, TypeScript
  - Designed a responsive and accessible web page for potential students to apply online.
  - Created dynamic forms and validation rules to improve user experience.
